Muhammad Shahbaz	Muhammad Irfan
Waseem Ullah	

Mark Breakdown

Description		Weighting
Group: Quality of presentation slides (style, layout, colour) (10%)		3%
Group: Problem Area/Innovation Articulation (can it be understood?) (20%)		8%
Group: Solution Articulation (is it aligned to the problem/innovation?) (20%)		8%
Individual: Involvement in live presentation (members absent receive 0%) (30%)		30%
Group: 10 Slide limit and maximum of 8-minute presentation time followed (10%)		10%
Group: Ability to answer, or at least, deal with the questions raised (10%)		10%
	TOTAL	69%
	Weighted Total (40%)	28%

Summary Feedback

- The slide design is basic and difficult to follow in parts
- The Problem Area/Innovation piece needs some work – it's not clear at this point
- The Solution piece could be clearer – it's difficult to know what you are going to do as a team
